From the Desk of the President.....

We have started the summer and I am both proud and sorry. All of our members are making an effort to attend more events and shows. We had a great showing at the Montrose car show and many of our club members took home an award.

It saddens me to report the sudden passing of Lorraine Bowers, wife of Ron Bowers. It was a shock to hear of the news and please say a little prayer for Ron and his family. I know exactly how it must feel.

It also saddens me to report that Larry Tadlock has passed away after complication from his shoulder/heart surgery. Larry has been a member of the Road Kings for 22 years. Please his family in your thoughts and prayers.

We are about to start our journey up the mountain to Big Bear. It appears we have a very good turnout of members and the weather is being very cooperative. Chuck Hanson has set up a great Taco Dinner for Friday night and Don Hoffman and Karl Grossman have our Saturday night Pizza planned. Be careful of the drive up and back.

Don Baldaseroni will be requesting cars for the Burroughs Cheer Leading Calendar, so please step up and volunteer.

There will be a group heading for the Camarillo Airport for a show on Aug 17th and we will discuss at the meeting.

We have some t-shirts left from car shows that we need to sell out. Please see Fuzzy and make a deal.

It is going to be a hot summer, but a fun one. Get those cars out of the garage and on the road.

FALLEN ROAD QUEEN LORRAINE BOWERS

FALLEN ROAD KING LARRY TADLOCK

FALLEN ROAD KING LARRY TADLOCK

Jim Brisette and John Yeats plug San Fernando Valley homeboy Kelly Brown into the rails of their AA/Fuel Dragster in 1967 and set a new Pond speed record of 224.42 mph, as the slicks hula-hoop toward the last stripe. Fellow Valley boys Don and Manette Prudhomme first introduced Brown to drag racing at Fernando and created a monster. Brown was crowned Top Fuel World Champion in 1978. Burbank Road Kings member Larry Tadlock inspects the aftermath of an epic explosion that sent part of his cylinder head (and header tube) through the roof of the neighboring church, located just beyond the tree line. Glendale Speed Center's D/Gas Dragster debut became more dramatic than planned, when dribbling gasoline flooded the cylinders and the mag was lit. Tadlock was unhurt, but the church roof sustained yet another direct hit. This previously unpublished image has been languishing in Tadlock's scrapbook since being shot in 1965.
